How Do I Enter My Swimmer In The Meet?

Print out the meet form that was emailed out to you. Pick the events you want your child to swim. Get a Meet Card from the team file box or our Splash Website or on the pool deck. Fill out the meet card with the events you have chosen, make the check payable to *Splash Aquatics* and put both in the cash box before the entry deadline listed on the email. The coaches will electronically enter your swimmer once they have received the above information. On the Splash web site we have a FAQ's section that is very helpful to many of our newer parents. Blue, Red, White is the name of the new time standards. They used to be named A, B, C but now have been renamed. **BRW** will appear on the meet form under minimum time. Time standards for Blue, Red, White (BRW) can be found on the SCS website at www.socalswim.org under "time standards".
